

**CRESCENT BOULEVARD CONSTRUCTION MANAGEMENT**  
GLEN ELLYN PUBLIC WORKS DEPARTMENT, GLEN ELLYN, ILLINOIS

ESI provided construction management and project documentation services for the realignment and reconstruction of a 1 mile stretch of Crescent Boulevard in Glen Ellyn. This federally and locally funded project included installation of new storm sewer, watermain, new PCC Pavement, curb/gutter and sidewalks as well as construction of a 500 foot long soldier pile retaining wall. A roundabout was constructed to facilitate traffic flow in front of Glenbard West High School and a decorative median wall was also constructed to funnel pedestrian crossing for improved safety. The project was completed within a ten week expedited schedule during the summer break for the adjacent high school and athletic fields.

**Services Provided:**

- Phase III Construction Engineering
- Construction Inspection
- Documentation and Layout
- Public Involvement and Communication

This project reflects Firm  
and Staff experience.

*Excellence, Service, Integrity*
